

# SPECIALTY EQUIPMENT

## PUPS, CURTAIN SIDES, LIFT GATES, REEFERS – YOU NAME IT, WE RUN IT.

Here's the deal. Hire Schneider and we'll build, operate and maintain a fleet of specialty equipment you can depend on. You'll preserve capital and gain time to focus on your core business. We'll contain your costs, manage your risk and grow with you as your business succeeds. Everybody wins.

### COUNT ON OUR WEALTH OF EXPERIENCE TO RUN YOUR SPECIALTY FLEET.

Our proven start-up process runs smoothly from the word "go." We provide the expertise, training and assets to keep your operations firmly on track. We also work with your current employees to join our team or help them transition with respect.

Why Schneider Specialty Fleet:

- 5,000 pieces of confidence and growing**  
 We own and deploy 5,000 specialty pieces to serve our customers' businesses. When you work with Schneider, you get the resources and know-how to run your fleet.
- A sharp eye on costs**  
 We're hardwired to optimize every operation in fleets with highly specialized needs. After conversion, we continue to find new ways to reduce costs and pass those savings along to you.
- Efficiency at every opportunity**  
 We leverage our expertise and buying power to drive costs out. We start by comparing the equipment you already have to the equipment experience has taught us will best meet your needs and adjusting from there. We buy high-grade equipment and keep it in prime condition for dependability and lower operating costs. Then we regularly review everything, from fuel use to maintenance to network support, to keep operations strong and costs down.
- Industry-beating performance**  
 With 99% or better on-time delivery performance and the lowest preventable accident frequency among top carriers, Schneider protects your reputation for dependability.
- Most sustainable fleet on the road**  
 Schneider has earned the EPA's SmartWay Award of Excellence every year since its inception by reducing emissions and maximizing fuel efficiency. This helps keep costs in check at every turn.

Let's get things moving.

## THE EQUIPMENT AND DRIVERS TO SHOULDER ANY LOAD AND DELIVER ON EVERY PROMISE.

Whatever specialty equipment your business needs to run smoothly, Schneider comes through without fail. We take on the risk and liability of your fleet, delivering 10 - 15% in cost savings and giving you the freedom to focus on running your core business. With hundreds of specialty fleet conversions under our belt, we know how to get things done.

### ALL THE SPECIALTY EQUIPMENT YOU COULD EVER ASK FOR WITHOUT ANY CAPITAL OUTLAY.

We've created the industry's largest temperature-controlled fleet. Our bulk network is award winning. High cubes, lift gates, pups or whatever else your business needs - we do it all, and we do it all well. We carry the costs so you preserve capital for running your business.
